

Lollipop Jewellery Stand

1. All you'll need for this activity is 12 lollipop sticks (equal size), paint and some glue to secure it all together.
2. To make your first leg of the stand, glue 3 lollipops in a triangle shape with the flat parts on the outside.
3. Repeat step two to make your second leg and then leave the triangles to dry.
4. Now to make the face of the stand, you can choose your own theme or design for the lollipop sticks. A popular style is the 'ombre' pattern.
5. Once the paint has dried, lay the lollipop sticks face down and glue them on to the triangle legs at an equal distance. Leave to dry.
