

Rainbow Spiral

1. Get some paints, string and a paper plate (or cut out a card circle template).
2. Use a paintbrush to decorate your plate as bright and colourful as you want to! The traditional rainbow colour order is: red, orange, yellow, green, blue, indigo, violet.
3. Once you've finished painting **both** sides, allow the plate to dry for at least 1 hour.
4. With the help of an adult, begin cutting a spiral in the plate, starting from the edge and carefully making your way to the middle—be careful not to overlap where you cut so that it chops some off!
5. With a hole puncher, make a hole at one end of the spiral and thread a piece of string through it, then hang in your window!
