

## Sundial Clock

1. Get some paints, a pencil and a paper plate (or cut out a card circle template).
2. Use a paintbrush to decorate your plate as bright and colourful as you want to!
3. Allow some time for the base paint to dry, then, draw on a clockface (numbers 1-12 evenly spaced).
4. Make a hole in the centre of the plate and secure a pencil sticking up straight.
5. Take the plate outside into the sunshine. Be sure to position the sundial with the "12" pointing north to determine the current time.
