

How to make pipe cleaner flowers in a bobbin

1. Wrap three pipe cleaners around each to form a star
2. Roll 5 of the ends in on themselves to form petals
3. Roll a different colour pipe cleaner up and glue on top for the centre.
4. get a green pipe cleaner and wrap the final petal end around it to secure the flower to the stem.
5. Decorate your bobbin and place your wire flowers in as a holder.
